2020 NATIONAL HEALTH CARE ENVIRONMENTAL SERVICES WEEK

September 13-19, 2020

CELEBRATE!

Dear Colleagues,

Environmental services workers are on the frontlines of battling the novel coronavirus disease (COVID-19) that's spreading rapidly throughout our nation. They are putting themselves in the path of this virus in this unprecedented crisis. Now more than ever, it is important that our evs heroes be recognized for the critical and often unsung role that they play in maintaining quality patient and resident care environments.

Each year, **National Health Care Environmental Services Week** gives us the opportunity to show our appreciation for the extraordinary teamwork required to care for the complex health care environment. Beginning Sunday, September 13th, through Saturday, September 19th, 2020, AHE invites you to join all national and international health care environmental services professionals to acknowledge and celebrate the outstanding work of these specialists. We are honored to celebrate this important week with you and your team.

When deciding how you will recognize and celebrate your team, **remember, royalties from the National Health Care Environmental Services Week official supplier help AHE continue to offer complimentary educational programming and significant discounts on member pricing on all AHE services.** This brochure displays products from the official AHE supplier to help you select the perfect gifts to celebrate your teams. Remember, it's all about quality, so choose quality products to recognize the quality outcomes!

On behalf of the leadership team and staff, we see you, we appreciate you, and we are proud of what you represent in health care. **We ARE Environmental Services! Keep up the great work!**

Warmest regards,

Patti Costello

AHE Executive Director
