## Mohammed Kamal

### **Kaiser Permanente South San Francisco Medical Center San Francisco**

Mohammed Kamal will celebrate his 17<sup>th</sup> year with Kaiser Permanente South San Francisco in July 2020. He is assigned to the medical office building attached to the hospital. During the pandemic, when visits to the medical office building were restricted, Mohammed took it upon himself to strip and wax all of the floors in the facility's exam and procedure rooms and corridors. "In the course of a month, he completed his entire unit of over 30 rooms and 300 feet of corridor! The hospital and MOB staff in his unit were overjoyed," said Gregory Ryan Coyne, director of Environmental Services. "This was the first time in three years all the floors had been refreshed. They gathered to celebrate him. The department also recognized Mohammed as a STAR!"
