Methodist Fremont Health Fremont, NE

Jimmy Castaneda exemplifies Methodist Fremont Health's core values of patient-centered care, respect, excellence, teamwork and service to the community. He works hard to provide the safest, cleanest environment for patients, visitors and staff. He volunteers to clean COVID rooms in the Emergency Department, offers help in other areas, and works extra shifts when the hospital is short-staffed.

Jimmy, who recently marked his 17th year with Methodist Fremont Health, is a "great person inside and out," said Danielle Warner, director of Environmental and Linen Services.

"He has such a kind spirit, which allows him to connect with all positions in the hospital. Through those relationships, he is able to accomplish so much," she added. "His work is always top quality and his attitude the same!"
