Matifadza “Mati” Saungweme is an asset to the EVS team at Children’s Health Plano and to the organization as a whole.

“She is praised tremendously by the clinical staff on the cleanliness of her assigned work areas,” said Kelton Jeffery, Environmental Services supervisor. “Her efforts and teamwork raise the bar for her colleagues.”

Mati is always willing to take on extra tasks to lighten the workload of others. “She has impressed the entire leadership team,” Kelton said. As a result, she is in the process of being promoted to a leadership role.
