Cottage Hospital Woodsville, New Hampshire

Cheryl Chamberlin has been an EVS professional at Cottage Hospital in Woodsville, New Hampshire, for 27 years. “She is a caring and kind person with a vast knowledge of books, movies and music. Patients love to talk with Cheryl while she cleans their rooms,” said Laurie A. Fellows, CESE/CHWC, director ES/HW. Cheryl works to ensure that every patient has the cleanest environment while in the hospital. During the COVID-19 outbreak, when most patients have been unable to have family members with them, EVS professionals like Cheryl have provided support by listening and working to create a comfortable, healing environment. “Cheryl is a very dedicated worker and always goes the extra mile,” added Laurie.
