The AHE Audience

The Association for the Health Care Environment (AHE) members are experienced professionals in health care environmental services. According to AHE Trend Data, 2015-2021 EVS most respondents have over 20 years in environmental services (72%), and over 22 years in health care (77%). They are influencers with purchasing authority.

AHE is the organization of choice for over 2,300 facility based professionals committed to pathogen free, healing environments across all care settings. Suppliers engaged with AHE help the profession to establish and maintain care environments free of surface contamination and that support safety, service, and efficient and effective operations.

AHE members are directly responsible for budgets related to:

- Cleaning and surface disinfection
- Waste management operations
- Laundry processing/linen, laundry contract management, distribution/textile processing
- Pest control management
- Safety and security
- Selection of interior design/finishes/textiles/furniture
- Flooring/carpets/tile
- Bath and restroom fixtures
- Infection prevention
- Hospitality services
- Grounds management
- Guest relations
- Patient transport and flow
- Carts/moving systems
- Environmental sustainability

AHE members have purchasing authority:

72%
work for acute care hospitals.

75%
represent multiple facilities, with a median number of beds being 220.

87%
of AHE members are in leadership positions, including **42%** directors and **45%** managers.

98%
would recommend AHE membership.

88%
sit on their facility's or health care system's infection control committee.

Become a Corporate Champion

Gain greater visibility with health care environmental services professionals and increase and enhance access to AHE members throughout the year. The AHE Corporate Champion retention rate is 94% for the last 20 years because each Champion is a valued relationship and received one-on-one attention from our support team. Corporate Champion benefits include branding, meaningful strategic interaction, and access to information and environmental services insiders. AHE also offers a variety of **customizable opportunities that provide access to AHE members with purchasing authority and that are consistent with company strategic goals.**

- High-resolution PDF is required. PDF/X1-a (2001) is the preferred file format sized to 100% of mechanical requirements, with 0.125" bleeds on all sides for full-page and spread ads.
- Downsample color and grayscale images to 250 ppi for all images over 250 ppi.
- Full-page files are to be cropped at the bleed edge. Do not include color bars, page information, or registration when distilling the final PDF. Fractional ads do not need bleeds and crop marks.
- Only CMYK files are accepted for publication. Files using RGB and PMS colors will be rejected and returned for revision.
- AHE reserves the right to decline or remove any ads. The publisher is not responsible for errors due to low-resolution images or improper file preparation, and assumes all supplied advertising files will reproduce in a satisfactory manner. The advertiser, or its agency, will be notified if materials do not pass preflight, and corrective action is required. Revisions and proofs are subject to additional fees.
